Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (previously presented) A computer-readable medium containing programming instructions for controlling brightness from a display unit, the programming instructions comprising:

calculating a display brightness in a certain window displayed on a screen of said display unit; and

controlling said display unit so as to change said brightness of said display unit according to said calculated display brightness.

2. (previously presented) The computer-readable medium of claim 1, the programming instructions further comprising:

using a power management function for controlling said display unit so as to change said screen brightness of said display unit.

3. (cancelled)

4. (previously presented) A method for controlling brightness from a display unit comprising:

calculating a display brightness in a certain window displayed on a screen of said display unit; and

controlling said display unit so as to change said brightness of said display unit according to said calculated display brightness.

5.   (previously presented) The method of claim 4 further comprising:

using a power management function for controlling said display unit so as to change said screen brightness of said display unit.
